WELCOME TO EASTERN.

Where space adapts to your needs.....not the other way around. We want to enable people to “display large in a small footprint,” both in terms of square footage as well as environmental impact.

Eastern Tabletop, Inc., the leading creator of Rolling Displays, unveils new mobile buffets as part of the Rolling Display Collection:

From a single slice to the entire pie, **MEET THE PI**

Connect a tower and build a buffet, **MEET THE QBIK**

A 6' Buffet Display that expands on demand, **MEET THE FOLDAWAY**

Nesting Tables redefined, **MEET THE FOUR WHEEL DRIVE**

They all join the recently launched Hub, a modern all-in-one system that effortlessly transforms from an action station, to a bar and into a modern buffet display, in a matter of minutes. Preceded by the first-ever Rolling Buffets introduced in 2015 by Eastern Tabletop. Eastern is passionate, dedicated and intrepid. We've set out to do things not just in a better way, but a different way.

Discover the Super Powers of the Modern Buffet. Discover Eastern.

SLICE OF PI

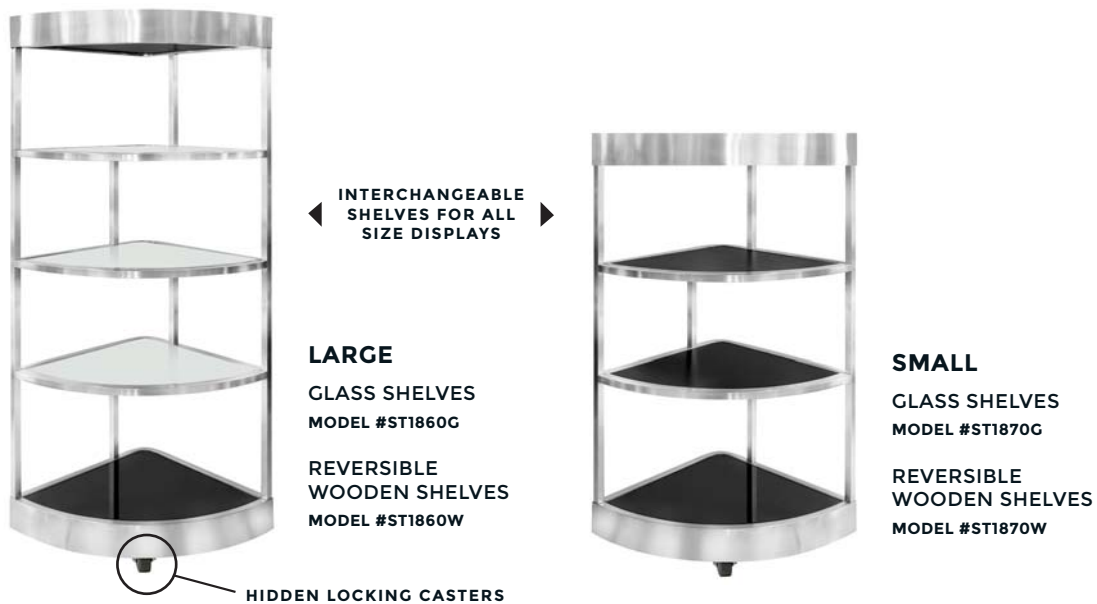

Customizable Corner Display Unit

SLICE OF PI DISPLAY

Stainless steel & XYLO color options available

Whether you want a single slice or the whole pie, Slice of Pi will fit your buffet needs. Use the circle to its greatest potential: a single unit can blend seamlessly into corners, or combined units can create 180° semicircles, 360° circles, or infinite wave patterns. Slice of Pi adds maximum presence with minimal footprint, and it features one-piece, stainless steel construction.

SUGGESTED DISPLAY OPTIONS

Q-BIK RISER

Customizable Cubic Display Unit

Q-BIK RISER DISPLAY

Stainless steel & XYLO color options available

Delight your inner designer with the endless combination options of the Q-Bik. These interlocking towers can be put together in myriad ways, allowing you to build a buffet setup that looks different every time. Use the Q-Bik for small setups, or spread them out into an expansive buffet. Be the architect of your display, and use Q-Bik to build it to perfection.

FOLD AWAY

Customizable Collapsible Display Unit

FOLD AWAY DISPLAY

Stainless steel & XYLO color options available

Think smart and work smart with this ingenious Fold Away Display. This collapsible buffet display is a space-saver, expanding when you need it and compacting for easy storage. The brilliance of the Fold Away is its inherent simplicity. Perfect for a bar setup, Fold Away uses basic architectural elements to create an easy-to-use, yet beautiful display to enhance its surroundings every time.

4-WHEEL DRIVE

Mechanically Connected Nesting Table

4-WHEEL NESTING TABLE

Stainless steel & XYLO color options available

There's nothing more convenient than a vehicle for all occasions, and the Four-Wheel Drive delivers. This unique rolling buffet system features four multi-level, yet connected surfaces that can slide out and be set up to suit your needs. The classic nesting table is redefined with the add-on features of mechanical connection and interchangeable tiles. When the going gets tough, use the Four-Wheel Drive.
