A History Of Excellence: The Eastern Tabletop Advantage

Founded in 1950, Eastern Tabletop has succeeded in establishing a reputation as a company that has made its mark on the tableware industry by offering the highest levels of forward-thinking innovation, fine quality, personal service and exceptional value.

With its humble beginnings in designing and manufacturing silver items for the gift and food service industry, Eastern Tabletop capitalized on its success with the launching of Eastern Tabletop's Foodservice Division. By placing a sole focus on tableware, holloware and buffet items, Eastern Tabletop has remained a step ahead by consistently creating innovative products, updated features and trendy items that are in demand by the professional and celebrity chefs worldwide.

Eastern Tabletop's fully stocked warehouse, factory and plating shop pay tribute to the wealth of possibilities and custom options available to meet the needs of each individual customer. Our showroom offers the pleasure of a touch and feel shopping experience with hundreds of items prominently on display.

The client roster at Eastern Tabletop features culinary chefs, banquet directors and club managers - all who have continued to place their trust in Eastern Tabletop - who rely on Eastern Tabletop for ensuring the buffets at upscale functions at hotels, resorts, casinos and country clubs are truly world-class.

Q - BIK STATION

This Actions Station Gets An A+. It's The Revolutionary Q-Bik System.

The Q-Bik buffet system was designed to provide a range of sizes and heights to suit various functions, configurations and uses. These symmetrical, sturdy cubes allow for up to three levels in buffet action stations and can be used with gel fuel for warming or with a butane stove for an action buffet setup. Q-Bik can be configured in a bridge fashion for on-site cooking and as a multi-tiered food display.
