

Banquet and Catering

Playbook

presented by

Eastern Tabletop

JR

HB

SB

Dear valued customer,

Eastern Tabletop is your one-stop-shop for everything related to your banquet and catering operation. We pledge to provide you the highest quality products, customer service and follow-through in the industry.

We warehouse over \$10,000,000 of inventory in the U.S.A. so that you may run your operation without the added stress associated with lead times.

Please utilize this playbook as your reference guide to industry trends, as well as a glimpse into our collection of hospitality main-stays.

Yours in hospitality,
Eastern Tabletop

PRODUCT BREAKDOWN

The Jazz Rock chafers series is induction ready and can be sold with or without the stand. Made from the highest-quality stainless and constructed with the best hinges on the planet, this line-up is our star player. Each hydrolic hinge has a 2 year warranty and the vessel itself is warrantied for life from defect.

PRODUCT BREAKDOWN

We see the industry trending away from large portions and towards smaller serving vessels. Our Cook Buffet and Orbit chafer-pots are the perfect size (4 & 6 quart) and style for any outlet. The Cook Buffet lid easily rests on the 7600 spoon/lid holder, while the Orbit lid conveniently rests in the handle. We can brush these too!

PRODUCT BREAKDOWN

Our Quick Connect riser system, paired with our new 1000kw battery, brings new meaning to term power formation. Our cook/hold unit can go from 200w-1800w and can easily hold temp at 200w. Plug 2 of these into our 9001PB and you'll have enough juice for a 2.5 hour buffet. Or, use our 600w unit in the Orbit stand. Isn't it time you cut the flames and cords from your operation?

PRODUCT BREAKDOWN

If you're not ready to give up flame quite yet, Eastern has a wide range of grill-stands, griddles and risers. Our stainless steel grill-stands are the lightest (and most cost-effective) on the market. Your staff will thank you! Utilize these with sterno, butane or choose one of our induction or butcher block tiles.

PRODUCT BREAKDOWN

We find that juice and beverage dispensers are SO frequently purchased year-over-year, that we decided to create a longer-lasting unit that won't end up in the landfill next summer. Our seamless acrylic containers won't split and all of our dispensers have stainless steel spigots, handles and finials. It's best to invest in quality for something that's used so often.
