EcoBurner
FUEL

18 GEL
WICK POTS

CLEANER

- No toxic fumes.
- No black smokey residue left on chafing dishes.
- No risk of fuel spills.

SAFER

- Always cool-to-touch.
- Automatically shuts off if over-turned or over-heats.
- No open chemicals.

GREENER

- Zero fuel waste.
- Zero waste in landfill.
- Less Carbon.

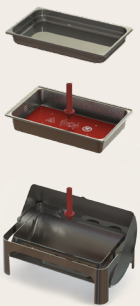

What is the EcoBurner?

A REFILLABLE BURNER THAT IS PLACED UNDER CHAFING DISHES TO PROVIDE HEAT FOR BUFFET FOOD, ELIMINATING THE USE OF WATER.

The EcoBurner is refilled with EcoBurner Fuel after each service so that every drop of fuel is used or saved for the next service.

36 Hours of burn time.

For even more environmental & cost-saving benefits, use EcoServe or EcoPan to completely eliminate the need for WATER at buffets!
