Outdoor EcoBurner Coffee Urns

Outdoor Beverage Service

Flameless Coffee Urns – Keep the coffee flowing with Eastern's EcoBurner Coffee Urns! Ideal for outdoor breakfasts and evening hospitality, these innovative urns deliver dependable, flameless performance with no worries about an extinguished flame.

Flameles CoffeeUrns

Pair with the KIBARRO outdoor product line for a cohesive look featuring clean, modern styling and lasting durability.

Revolutionary Central Heat Distribution

Unlike traditional urns that heat from the base only, our innovative central heat tube distributes heat from the core and through the walls, creating natural circulation for consistent, even temperature throughout.

- Flameless heat
- Heat flows through the core, walls and upward for full coverage
- No preheat required
- No hot spots or temperature drop
- Consistent heat from first cup to last
- No bitter taste
