

Slim

BUFFET SYSTEM

Less to unpack — Folding to just 3" thick, Slim combines multiple service options into an all-in-one system designed to reduce storage and setup demands. A single portable system to replace multiple buffet, bar, coffee, and action stations.

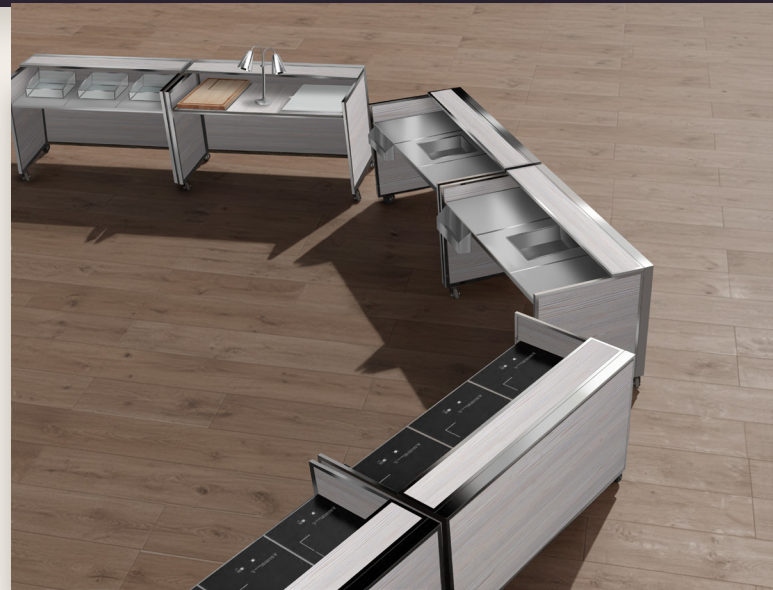

The future of buffet design is here.

Ready for every setup – Universal function tiles for cooking, warming, cooling, and display that integrate seamlessly with all seven Eastern buffet systems.

Hardware-free design quickly snaps open and locks in place — no tools, no instruction manual, no complicated assembly.
