## 7 MOBILE BUFFET SYSTEMS

**Drop-in function & display tiles integrate accross all 7 systems.**

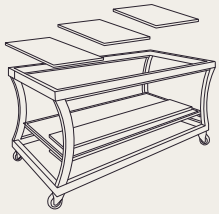

---

### THE HUB

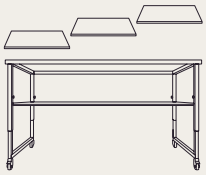

**Ready for anything —** With a vast range of options and finishes, the Hub Buffet becomes whatever you need it to be. Infinite possibilities.

### CURVE HUB

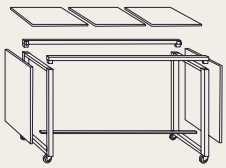

**Boost your curve appeal —** All the versatility and capabilities of the Hub, reimagined with a fresh curved design.

### Ryze

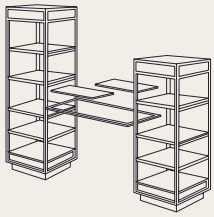

**Nest for success —** These height adjustable nesting tables come in three widths — single, double, and triple tile — and fit neatly under each other for compact storage.

### ZOZZ
MODULAR FLAT PACK

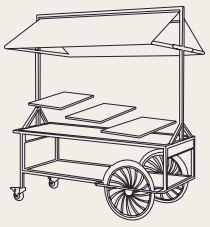

**Stretch beyond limits —** All the versatility of the Hub, with a twist. Zozz transforms from a single-tile buffet to a double or triple-tile setup. The ultimate flexibility.

### Q-BIK

**Style that stacks up —** Modular towers deliver sleek, vertical displays that maximize space and style — keeping everything organized, and effortlessly within reach.

### *Buggy*

**Wheel appeal —** A playful twist on portable service, the Buggy Cart is part display, part showstopper. Drop in action or display tiles and you're ready to roll.

### Slim
BUFFET SYSTEM

**Versatile multipurpose station —** Designed for buffet, bar, coffee service, and host station applications. Maximum flexibility and space efficiency.

## Setting the standard for the buffets *of tomorrow*
